Mohammad Abdul Khaliq

Aspiring Front-End Developer | Learning HTML, CSS, JavaScript | Data Entry & Excel Specialist

Sant Kabir Nagar, Uttar Pradesh, India

Summary

I am a detail-oriented Data Entry professional with strong hands-on expertise in Microsoft Excel.Currently, I am expanding my skill set into Front-End Web Development. I have learned HTML and CSS, and I am actively learning JavaScript. My goal is to build clean, responsive, and user-friendly web interfaces.What I bring:• Accuracy and speed in data handling using Excel• Logical thinking and problem-solving mindset• A strong commitment to continuous learningI am open to opportunities where I can apply my growing front-end skills and contribute to real-world projects.Currently participating in the Get Unstoppable on LinkedIn challenge — building my professional presence one step at a time.
